ASIA CONFERENCE

AICI holds two types of international conferences:

the AICI Global Conference, held every two years in the United States or Canada, and the Asia Conference, hosted in the alternate years when the Global Conference is not held. Many members from the Tokyo Chapter participate in both events.

The Tokyo Chapter provides broad support to participants, including guidance on registration, travel arrangements, and local information.

From May 25 to 27, 2024, the Asia Conference was held in person in Shenzhen, China. Approximately 200 leading image consultants from across Asia attended, sharing the latest insights on the image consulting field and related industries, both of which have undergone significant changes since the COVID-19 pandemic.
